

*FAI World Championship for
Aerobatic Model Aircraft
Academy of Model Aeronautics
Muncie, Indiana
July 24-August 2, 2011*

Dear Vendor:

This is an invitation for you to be a supporter of the 27th World Championship for radio-controlled aerobatics. This event, as many of you know, is F3A of the Fédération Aéronautique Internationale (FAI).

This most prestigious event, which is over 50 years old, features the very best radio-controlled aircraft pilots in the world. More than 30 countries from around the world will participate in the event. Each country will have up to three pilots and typically a support group as well.

The event spans 10 days and includes a supporting cast of workers, administrators, judges, and others.

We, the National Society of Radio Controlled Aerobatics (NSRCA), with the Academy of Model Aeronautics (AMA), are excited to host this event, which will be held at the AMA National Flying Site in Muncie, Indiana.

Although each pilot pays a substantial entry fee that offsets most of the basic costs, there are other expenses with which participants need your help. It is our goal to make this a special time for all who participate or simply want to enjoy the event.

It is also an opportunity for you to display and/or sell products that have made our sport/hobby so special.

On the reverse side you will find the levels of sponsorship. We invite you to select what will work for you and send your support to AMA Headquarters attention Colleen Pierce, FAI/AMA Coordinator.

We look forward to having you in flight with us.

Sincerely,

Michael S. Harrison
